EXPO 2024

**The first international defense and security fair  
DEFEST EXPO 2024**

**2. - 4.05.2024  
ESTONIAN FAIR CENTER**

**We are honored to invite you to participate in DEFEST EXPO 2024!**

DEFEST EXPO 2024 bringing together companies, top specialists, B2B partners, politicians to introduce the latest equipment and services, make themselves visible to the public, develop international relations and create cooperation opportunities between different countries and sectors. DEFEST EXPO 2024 was created by the need to strengthen national defense and develop various national defense solutions.

DEFEST EXPO 2024 will host an international defense investment forum, which is aimed at finding new directions for the development of the defense industry in Northern Europe.

DEFEST EXPO 2024 is aimed at business customers and active citizens for whom the security of themselves and the country is important.

We welcome the participation of companies and organizations whose field of activity includes products and services of the following product groups: defense technology and industry, national security, air, land and sea defense, communication and navigation, weapons industry, data security and cyber protection, defense and space industry, security service, military goods and camping supplies, real estate developers.

This is a unique opportunity to make direct contacts with defense and military related and procurement teams from around the world.
